

# I See You [Lyrics, 146 bpm]

[Vineyard Anaheim] by Jeremy Riddle, Steffany Gretzinger and Seth Mosley

## Verse 1

In the middle of the chaos  
When I can barely keep my head up  
The road ahead is looking so dark  
You light my way

Just when I'm losing all of my faith  
I'm at the end of all of my strength  
And I'm just looking for the exit  
You lift my gaze

## Chorus 1

I see You, I see You  
And all my fears, they melt away  
As the fire, as the fire  
Of Your love runs through my veins

Re-intro 1 - 6 - 3 - 4

## Verse 2

When I'm a battle weary soldier  
The world is heavy on my shoulders  
Feels like this war is never over  
You fight for me

I see to God who's always for me  
His angel armies all around me

This is the joy I set before me  
You've already won

## Bridge

You hem me in  
Before, behind  
You hem me in  
From left to right  
You hem me in  
You are on all sides  
You're forever around me  
Forever surrounding me
