I See You [Numbers, 146 bpm]

[Vineyard Anaheim] by Jeremy Riddle, Steffany Gretzinger and Seth Mosley

Verse 1

```
                  1
In the middle of the chaos
When I can barely keep my head up
                  6
The road ahead is looking so dark
        4
You light my way

                 1
Just when I'm losing all of my faith
I'm at the end of all of my strength
                    6
And I'm just looking for the exit
        4
You lift my gaze
```

Chorus 1

```
     1          6
I see You, I see You
      3              4
And all my fears, they melt away
     1        6
As the fire, as the fire
      3            4
Of Your love runs through my veins
```

Re-intro 1 - 6 - 3 - 4

Verse 2

```
                1
When I'm a battle weary soldier
The world is heavy on my shoulders
                  6
Feels like this war is never over
          4
You fight for me

                1
I see to God who's always for me
His angel armies all around me

                  6
This is the joy I set before me
          4
You've already won
```

I See You -

Bridge

          1
You hem me in
Before, behind
          6
You hem me in
From left to right
          3
You hem me in
You are on all sides
        4
You're forever around me
Forever surrounding me
